## **Administrative Management College (AMC)**

Administrative Management College popularly known as AMC was established as one of the first private colleges in Karnataka, three decades ago. It is located in the vicinity of Bangalore's wilderness treasure- The Bannerghatta National Park. It is founded by Dr. K.R. Paramahansa and has been providing quality education in an excellent academic environment. Its mission is to deliver value-based education to the students and make competent and effective professional leaders and entrepreneurs with a distinct power to match the universal requirement of global standards to shape the youth of the society into ethically and socially conscious citizens. Administrative Management College is affiliated to Bangalore University, recognized by Government of Karnataka and approved by All India Council for Technical Education. The Institution is accredited by National Assessment and Accreditation Council (NAAC), Government of India.

### **Department of Biotechnology**

The Department of Biotechnology, Administrative Management College, Bannerghatta Road, Bangalore was established in the academic year 1999-2000. The Department conducts Master of Science (M.Sc.) Biotechnology ever since its inception. B.Sc. Biotechnology, Chemistry and zoology courses were also introduced from the academic year 2000-2001. These courses are affiliated to the Bangalore University and recognized by the Government of Karnataka.

Science and Technology have become an inseparable part of our life. It is used in every sphere of life. With the advent of new technologies leading to the innumerable blooming opportunities in the field, students get an array of specialisations and courses. M.Sc. has become one of choicest course in the educational domain within the country and overseas. Our mission is to impart good quality innovative and technical knowledge to our learners, create awareness about the ethical implications and potentials concerning Biotechnology and its related fields.

## **About Karnataka State Council for Science and Technology (KSCST)**

The Karnataka State Council of Science and Technology (KSCST) was established in 1975. The reason behind the establishment of the state S&T Council was to undertake development activities related to improving the standard of living of the people of the state, especially for the people in the rural areas. The 54-member Council is an autonomous body. KSCST's main objective is to identify the applications of science and technology necessary for the development of the state and formulate policies, plans and programs related to science and technology, initiate new project and programmes and coordinate successful programs for the development of the state with various departments of the state government, and implement the programs.

### **Background of the Workshop**

Academic institutions has an important role in facilitating skilled human resource to industries, government institutions, academia & R&D. Encouraging awareness and understanding of the role that intellectual property among students plays a key role in fostering a creative and innovative culture. Department of Biotechnology, AMC in association with KSCST is organizing a “**Workshop on Intellectual Property Rights(IPR)**” for the Post Graduate students, research scholars and academicians to educate about the growing need for promotion and protection of the intellectual assets, in the form of Patents, Designs & Trademarks and copyrights, of inventors & creators from misappropriation by third party without their authorization.

### **Objectives of the Workshop**

- Aimed to educate young postgraduate students/ research scholars/ academicians with fundamentals of IPR.
- Provide hands on expertise with industrial designs.
- Encouraging protection of IP achievements through increased registration of rights.

### **Target Audience:**

- Post graduate students
- Research scholars
- Academicians
