INTELLECTUAL PROPERTY RIGHTS

IPR FEST

ON : 18TH MAY 2023

In Association With
Karnataka State Council for Science & Technology(KSCST),
IISc, Bangalore

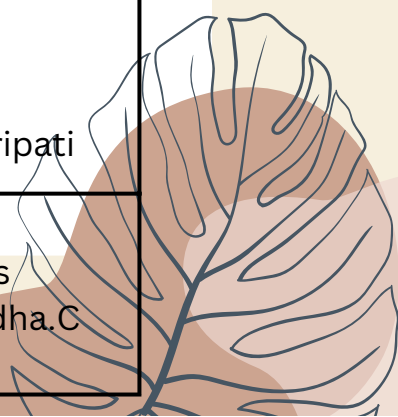

ABOUT IPR :

Intellectual property Right (IPR) is a legal field that refers to creations of the mind such as musical, literary, and artistic works; inventions; and symbols, names, images, and designs used in commerce, including copyrights, trademarks, patents, and related rights.

Intellectual property (IP) is a category of property that includes intangible creations of the human intellect. There are many types of intellectual property, and some countries recognize more than others. The most well-known types are copyrights, patents, trademarks, and trade secrets. The term "intellectual property" began to be used in the 19th century, though it was not until the late 20th century that intellectual property became common place in the majority of the world's legal systems.
