

TABLE OF CONTENTS

CHAPTER-1	6
INTRODUCTION.....	6
1.0 INTRODUCTION	6
1.1 ABOUT CHICKEN SLAUGHTER HOUSE.....	7
1.2 COAGULATION PROCESS.....	21
1.3 FACTS ABOUT MORINGA OLEIFERA.....	25
1.4 OBJECTIVES OF THE PRESENT STUDY	30
CHAPTER- 2	31
LITERATURE REVIEW.....	31
2.1 LITERATURE REVIEW	31
CHAPTER 3	36
METHODS AND METHODOLGY.....	36
3.0 METHODOLOGY	36
3.1 COLLECTION OF SAMPLE	36
3.2 PRESERVING THE SAMPLE.....	37
3.3 ANALYSIS	37
3.4. PREPARATION OF DIFFERENT FORMS OF MO LEAVES.....	40
3.5 JAR TEST.....	41
3.6 ANALYSIS OF TREATED EFFLUENT	41
3.7 COMPARISON OF RESULT BEFORE AND AFTER TREATMENT WITH VARIOUS FORMS OF MO LEAVES	41
3.8 ANTIMICROBIAL STUDY	41
3.9 JAR TEST NEEDS TO BE CARRIED OUT WITH ACTIVATED MO LEAF POWDER	41

**“USE OF MORINGA OLEIFERA LEAVES IN THE TREATMENT OF CHICKEN
SLAUGHTER HOUSE WASTEWATER”**

3.10 COMPARISON BETWEEN NORMAL AND ACTIVATED MO IN TREATING SLAUGHTER HOUSE WASTE WATER	42
3.11 ANALYSIS OF THE FEASIBILITY OF MORINGA OLEIFERA AS A COAGULANT IN TREATING CHICKEN SALUGHTER HOUSE WASTE.	43
CHAPTER 4	44
RESULTS AND DISCUSSIONS	44
4.1 ANALYSIS OF RAW SLAUGHTER HOUSE WASTEWATER	44
4.2 TESTS CARRIED OUT WITH MOLP	46
4.3 TESTS CARRIED OUT WITH MOLPE1	49
4.4 TESTS CARRIED OUT WITH MOLPE2.....	55
4.5 EXPERIMENTS CARRIED OUT WITH MOLAC IN REDUCING TURBIDITY.	57
4.6 RAW WASTEWATER COMPARED WITH WASTEWATER TREATED WITH MOLP.	58
4.7 RAW WASTEWATER COMPARED WITH WASTEWATER TREATED WITH MOLPE2.....	61
4.8 VARIATION OF TOTAL COLIFORMS WITH DIFFERENT FORMS OF MO LEAVES	65
CHAPTER 5	68
CONCLUSIONS	68
CHAPTER 6	69
SCOPE FOR FUTURE STUDY	69
REFERENCES	70

**“USE OF MORINGA OLEIFERA LEAVES IN THE TREATMENT OF CHICKEN
SLAUGHTER HOUSE WASTEWATER”**

LIST OF FIGURES

Fig No	Name	Pg No
1.1	Manufacturing Process	08
1.2	By-product manufacturing process in Slaughterhouse	10
1.3	Schematic Diagram of Sedimentation cum Coagulation tank	22
1.4	Availability of MO around the world	24
3.1	Jar Test conducted to obtain optimum dosage	41
3.2	Raw wastewater before jar test	41
3.3	Wastewater sample after conduction of jar test	42
4.1(a)	Raw Chicken Slaughterhouse Wastewater	44
4.1(b)	Raw Chicken Slaughterhouse Wastewater	44
4.2	Chicken Slaughterhouse Wastewater with MOLP (Trial1)	45
4.3	Chicken Slaughterhouse Wastewater with MOLP (Trial2)	46
4.4	Chicken Slaughterhouse Wastewater with MOLP (Trial3)	47
4.5	Chicken Slaughterhouse Wastewater with MOLPE1(a) (Trial1)	48
4.6	Chicken Slaughterhouse Wastewater with MOLPE1(b) (Trial1)	49
4.7	Chicken Slaughterhouse Wastewater with MOLPE1(c) (Trial1)	50
4.8	Slaughterhouse Wastewater with MOLPE1(a) (Trial2)	51
4.9	Chicken Slaughterhouse Wastewater with MOLPE1(b) (Trial2)	52
4.10	Chicken Slaughterhouse Wastewater with MOLPE1(c) (Trial2)	53
4.11	Treatment of Chicken Slaughterhouse Wastewater with MOLPE2(a)	55
4.12	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLAC (Trial1)	56
4.13	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLAC (Trial2)	57
4.14	Treatment of raw wastewater with wastewater treated with MOLP for various parameters (group 1)	58
4.15	Treatment of raw wastewater with wastewater treated with MOLP for various parameters (group 2)	59
4.16	Treatment of raw wastewater with wastewater treated with MOLPE2 for various parameters (group 1)	60
4.17	Treatment of raw wastewater with wastewater treated with MOLPE2	61

**“USE OF MORINGA OLEIFERA LEAVES IN THE TREATMENT OF CHICKEN
SLAUGHTER HOUSE WASTEWATER”**

	for various parameters (group 2)	
4.18	Treatment of raw wastewater with wastewater treated with MOLAC for various parameters (group 1)	62
4.19	Treatment of raw wastewater with wastewater treated with MOLAC for various parameters (group 2)	63
4.20	Variation of Total Coliforms with different forms of Leaves	64
4.21	Performance Efficiency of different forms of MO Leaves in treatment of Chicken Slaughterhouse Wastewater with respect to turbidity	65
4.22	Performance Efficiency of different forms of MO Leaves in treatment of Chicken Slaughterhouse Wastewater for various parameters	66

LIST OF TABLES

Table No	Name	Pg No
1.1	Characteristics of Slaughterhouse Wastewater	12
1.2	Different available Technologies used to treat Slaughterhouse Wastewater	14
4.1	Test results of raw Chicken Slaughterhouse Wastewater	43
4.2	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLP (Trial1)	45
4.3	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLP (Trial2)	46
4.4	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLP (Trial3)	47
4.5	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLPE1(a) (Trial1)	48
4.6	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLPE1(b) (Trial1)	49
4.7	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLPE1(c) (Trial1)	50
4.8	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLPE1(a) (Trial2)	51
4.9	Test results on treatment of Chicken Slaughterhouse Wastewater with	52

**“USE OF MORINGA OLEIFERA LEAVES IN THE TREATMENT OF CHICKEN
SLAUGHTER HOUSE WASTEWATER”**

	MOLPE1(b) (Trial2)	
4.10	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLPE1(c) (Trial2)	52
4.11	Consolidated Test Result of MOLPE1	54
4.12	Test results on Chicken Slaughterhouse Wastewater with MOLPE2	54
4.13	Comparison between MOLPE1 and MOLPE2	55
4.14	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLAC (Trial1)	56
4.15	Test results on treatment of Chicken Slaughterhouse Wastewater with MOLAC (Trial2)	56
4.16	Comparison of raw wastewater with wastewater treated with MOLP for various parameters (group 1)	58
4.17	Comparison of raw wastewater with wastewater treated with MOLP for various parameters (group 2)	59
4.18	Comparison of raw wastewater with wastewater treated with MOLPE2 for various parameters (group 1)	60
4.19	Comparison of raw wastewater with wastewater treated with MOLPE2 for various parameters (group 2)	61
4.20	Comparison of raw wastewater with wastewater treated with MOLAC for various parameters (group 1)	62
4.21	Comparison of raw wastewater with wastewater treated with MOLAC for various parameters (group 2)	63
4.22	Variation of Total Coliforms with different forms of Leaves	64
4.23	Performance Efficiency of different forms of MO Leaves in treatment of Chicken Slaughterhouse Wastewater with respect to turbidity	65
