Head, Department of Marine Geology, Mangalore University, Mangalore
- 12.15 pm to 1.00 pm** : **Special Lecture by Prof. Bandla Srinivasa,**
Principal Scientist (Animal Nutrition), National Dairy Research Institute, Bangalore

This year the theme for World Environment Day is “Climate change- Raise your Voice not the sea level”.

Climate change is foremost among the challenges faced by our planet, as global warming is causing ocean levels to rise. According to the International Panel of Climate Change (IPCC), global sea levels are rising at an increased rate which is projected to be even greater this century. Coastal communities in every country are hence threatened with floods and storm surges, to which the small islands are the most exposed.

The UN General Assembly declares 2014 as the International year for small island developing states. The small islands are home to vibrant and distinct cultures and heritage as well as to rich ecosystems, biodiversity and dazzling landscapes.

Karnataka State Council for Science and Technology, Indian Institute of Science, Bangalore and Karnataka State Biofuel Development Board, Government of Karnataka have jointly organized programme to celebrate World Environment Day 2014 on 5th June 2014 (Thursday) in association with Indian Academy Degree College at Indian Academy Degree College, Hennur main Road, Bangalore.

Competitions

The World Environment Day celebration was also marked by a number of competitions including Quiz competitions held for college students on 3rd June 2014 at Choksi Hall Indian Institute of Science. More than 150 students took part in these competitions for which the prizes were to be distributed on 5th June 2014 at Indian Academy Degree College. The other competitions included Essay writing, Speech, Debate, Painting, Collage, Model making and Documentary films.

Events on World Environment Day (June 5th)

A Cycle Rally was organized as part of the celebration on 5th June 2014 at 7.30 am from the premises of the Indian Academy Degree College, Hennur Main Road. The cycle rally is sponsored by The Hutti Gold Mines Company Ltd. The Cycle Rally was flagged off by the Principal of Indian Academy Degree College Dr. Snehalatha G Nadgir. The Cycle Rally was also accompanied by Walkathon participants consisting of students and teachers. The Cycle Rally covered a distance of 10 kilometres crossing over several residential areas around the college. During the Rally handouts were distributed to the public regarding the Environment and Rain Water Harvesting.

About 140 students, faculties and volunteers participated in the rally. They were provided with T-shirt and Caps printed with slogan and logo of The Hutti Gold Mines Company Limited.

The inaugural function was held at Indian Academy Degree College, Bangalore, which started with the plantation of Biofuel Species by dignitaries in the campus. Dr. SnehaLatha

Nadgir Principal of Indian Academy Degree College, Bangalore, inaugurated the function which was presided by Dr. T. Somasekhar Chairman, Indian Academy Education Trust. Mr. A. R. Shivkumar Senior Fellow, KSCST was the Chief Guest.

Prize distribution to the winners of the competition held on 3rd June 2014 (Tuesday) at Choksi hall, Indian Institute of Science, Bangalore was done by the dignitaries on the dais. Two special lectures were organized during this function for the benefits of the students and faculties. The lectures were delivered by Prof. R. Shankar, Head, Marine Engineering Department, Mangalore University and Dr. Bandla Shrinivas, Principal Scientist (Animal Nutrition), National Dairy Research Institute, Bangalore.
